How to git there.

As your coming from Thermopolis, Just before ya git into Worland,

Ya go past the Co Op Gas Station. Turn left on 433 (aka west river road)

Up the hill, About 800 yards later, turn left on fifteen mile road.

Once on Fifteen Mile Road, the cemetery is on the right, & then the Fair Grounds. (on right)

Follow the road just like ya was goin to the Land Fill, (dump), {Follow the Signs}

Follow the hi-way (Paved Road) as it turns to the right, like the signs & arrows say.

Then “before ya git to the land fill”, you will see the Sign, (on the right) Worland Range, follow the dirt road to the right, git off the pavement, and stay on that rough road to the range.

Hope this helps.

P S. If ya find your self at the dump, (Land Fill) ya went to far. Turn around and come back to the dirt road and follow it to the range. !!
